FOREWARD

“MAC introduces a path breaking flooring solution – MYFLOR WOVEN VINYL. We draw our influences from the world of fashion and offer unconventional flooring solutions for creative and inspiring environments. This premium woven vinyl meticulously achieves optimal performance and ensures expectations are met. Functional by nature and versatile by design, it is unique and eye catching at every glance. So welcome to our world – a world where innovation, seamless creativity and focused practicality are combined to offer you with a flooring solution that is truly one of a kind.”

MYFLOR WOVEN VINYL

BECAUSE THIS FLOOR IS TRULY ONE OF A KIND!

The look and feel of textile, MYFLOR Woven Vinyl combines the remarkable durability of vinyl with the aesthetic appeal and texture of traditional carpeting – together forming the recipe of this gorgeous product.

A trendsetting innovation that is developed for the most demanding public areas, such as hotels, offices, retail outlets, restaurants, healthcare premises, leisure areas and other exciting environments.

The convenient 50 x 50 cm tile format is offered in the thickness of 3.3mm and 4.5mm.

COMING CLOSER TO THE COLLECTION

Featuring more than 25 varieties, the collections are a sensory treat - calming, exciting, energizing and inspiring. The portfolio is comprised of four irresistible collections:

ZEST | PURE | BOLD | WARM

ZEST*: the bright colors of this line prepare the ground for a young atmosphere. The colors shift spectacularly between shades of light and dark depending on how the flooring is laid.

PURE: the minimalist textures of this collection lend natural harmony and grace to any interior environment.

BOLD: a linear design that amplifies spatial geometry and brings vibrancy to the floor.

WARM: with its unique weaving technique, this collection changes appearance depending on the viewing angle.

*offered in comfort backing which allows for better underfoot comfort and noise absorption

WARM Magnet Grey

A COLOR FOR EVERY SPACE

MYFLOR Woven Vinyl's broad color palette fits every space and personality. A portfolio consisting of more than 20 colors offers plenty of choices.

The passionate colors of Zest and Bold will delight those who are daring and ready to explore.

Nature inspired colors of Pure are an ideal choice for those who prefer minimalistic design for maximum style.

And the neutral hues of Warm are the first pick for those who want the textile to reveal exceptional depth and structure.

TOTALLY UNIQUE PROPERTIES

Comfortable and quiet: soft underfoot and noise absorbing, our flooring increases comfort and reduces slip and drag.

Appearance retention: unlike carpets or hardwood, our flooring retains its appearance and doesn't flatten.

Easy to clean: majority of the cleaning can be accomplished with a sweep, mop or vacuum.

More hygienic: The antibacterial properties of the yarn do not allow microorganisms to live on it making it odour free.

Water and stain resistant: The impervious backing prevents liquid penetrating through the floor covering. It resists stains by not absorbing liquids and thus making spills easy to clean.

Allergy friendly: The flooring repels dirt, dust mites and other allergens.

Easy to install: Like any other flexible flooring, installation is done by gluing the product directly to any kind of flat, dry and stiff surface.

CHARACTERISTIC	MYFLOR	CARPET	OTHER TYPICAL HARD FLOOR SURFACES
Appearance retention over time	✓	–	–
Easy maintenance	✓	–	–
Water resistant	✓	–	–
Stain resistant	✓	–	–
Textile appearance	✓	✓	–

Life expectancy years (10+)	✓	–	✓

VALUE FROM EVERY PERSPECTIVE

ACT TODAY

Long Life: All collections have a 10-year guarantee.

Easy Care: It is an advanced product – however, taking care of it is a surprisingly simple process. With a sweep, mop or vacuum, 99% of cleaning needs can be accomplished.

Durability: This premium woven vinyl flooring carries an EN1307 Class 33 durability tag, making it a highly robust and long-lasting alternative to carpet or wooden alternatives.

Fire Classification: It comes with Bfl-s1 fire resistance, ensuring it meets legal requirements for office, hotels and other areas.

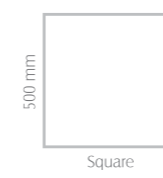

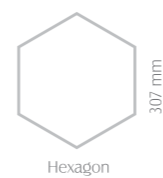

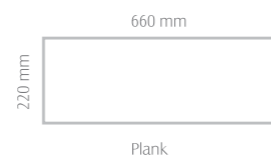

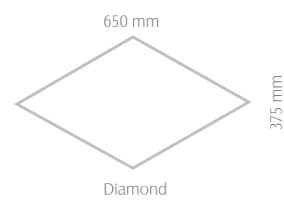

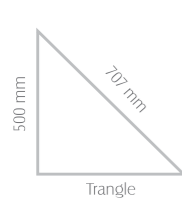

PLAY

BECAUSE EACH ROOM RAISES
NEW CHALLENGES

MYFLOR woven vinyl family offers you to play with various shapes of tiles to create inspiring floors. Free yourself from standard layouts and create your own rules and transform flooring into a design feature.

You can mix and match tiles of different sizes and shapes to let creativity truly express itself.

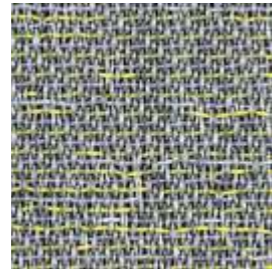

PRODUCED AND DESIGNED IN BELGIUM

With all MYFLOR Woven Vinyl products manufactured using state of the art weaving machinery by 2tec2 in Belgium, we can guarantee production of the highest quality. Our flooring is made using only the safest & latest forms of PVC. And for you, this means that you can trust us to be a responsible, high quality partner for your future projects.
